Re: Title: OLIGONUCLEOTIDE-IMMOBILIZED SUBSTRATE FOR DETECTING METHYLATION
Letters Patent No. 7,238,518
Issued: July 3, 2007
Our Reference: TOYA115.010AUS

Dear Sir:

Enclosed for filing is a Certificate of Correction in connection with the above-identified patent.

The first item on the Request for Certification of Correction, the addition of EP 1 312 685 to "Foreign Patent Documents," concerns a European patent that Applicants first cited in an Information Disclosure Statement submitted to the Office on April 21, 2004. The Examiner referred to this reference in her Office Action of March 21, 2006 (page 6), but neglected to initial the citation on the SB/08 Equivalent. Applicants respectfully request that this oversight be corrected by including this reference on the Certification of Correction as requested.

As some of the errors cited in the Certificate of Correction were incurred through the fault of the Applicant, we will be including a $100 payment via the EFS web. Please charge any additional fees to our Deposit Account No. 11-1410.

Respectfully submitted,

Knobbe, Martens, Olson & Bear, LLP
